If you are a student and interested in erwin Data Modeler please register for the Academic Edition here.

erwin pioneered data modeling technology, and erwin Data Modeler by Quest has been the No. 1 data modeling software for more than 30 years.

With erwin Data Modeler, you can visualize any data from anywhere regardless of structure or location. Its advantages include:

- A modern, customizable modeling environment
- Breadth of DBMS integrations and metadata bridges
- Model and database comparisons and synchronization
- Roundtrip engineering of database code
- NoSQL data modeling support
- Multiple versions to meet specific customer requirements
- Extraction/conversion of data from ERP, CRM and other enterprise applications

erwin Data Modeler Academic Edition

Students and teachers of approved accredited academic institutions can apply for the Academic Edition of erwin Data Modeler to use on their personal computers. To apply, complete this form using your email account provided by the academic institution promoting the use of erwin as part of the curriculum. Provide the full name of your school, professor and course. Once approved, download and license information will be provided.
